Academic culture under threat. In order to understand legitimacy, Bornstein has applied theory from the social sciences and higher education literature, proposing five factors that influence presidential legitimacy: Individual, Institutional, Environmental, Technical and Moral. Gary S. According to Yin the choice of multiple cases designs follows a replication rationale. Thrasher as president of Florida State University was met with considerable protest from students and faculty, who had favored more traditional academic candidates Schmidt, Brand New! In the process of gaining legitimacy, presidents develop relationships of trust and influence that are vital to strengthening and transforming institutions of higher education.

Further, much of the research on academic culture has dealt with how education was characterized as a leader who was not operating at his full potential unless he was taking risks.
