Thus, it becomes obvious that there soon will not be enough fossil energy to fuel the planet, that there will be even more waste and pollution, and that the agricultural fields will decrease and become impoverished more rapidly than ever.

Museum, a temple or a forum, Curator, 14, march,

Laertes, Barcelona, The transition from the agrarian period to the industrial

The context of the museum plays an important role, as it was created with an involvement of the local community. Skip to main content.

In such a perspective, could we consider the advent of the museum as another for today agrees that there is a problem with the environment and that we cannot continue the way we pollute for the next century.
