Norizan Shahabudin marked it as to-read Nov 15, During the reign of the third Ming emperor, Yongle r. To learn more about Peranakan Chinese porcelain, I embarked on a study of the history of ceramic production at Jingdezhen in Jiangxi Province, China, the porcelain making capital of the world, learning about the technical processes involved and the three main types of porcelain produced there—those made specially for the imperial court, those made for domestic consumption and those destined for export—as well as other technological and artistic innovations in China, including the evolution of famille rose enamels following on from the earlier monochrome and blue and white wares.
